
Learning To Play The Trumpet

Practice 10 minutes EVERY DAY, remembering the following:

- BIG Breaths
- SMOOTH air flow when blowing out
- Your AIRSTREAM makes the sound
- LIPS not too tight
- Practice LONG and STRAIGHT sounds (NOTES)

Things to Practice:

1. Making a BUZZ with JUST YOUR LIPS. Your lips should be NEARLY CLOSED.
2. Produce a LONG and STRAIGHT sound (NOTE) through JUST THE MOUTHPIECE
3. Put the mouthpiece into the trumpet and do the same through your trumpet
4. Practice using your TONGUE to start NOTES and make SIMPLE RHYTHMS. It's like saying, 'DOOR, DOOR, DOOR' whilst buzzing
5. Try playing along to your favourite SONGS!!

HAVE FUN!!
