

Chasing Cars Playalong

"Chasing Cars" is a song by Scottish-Northern Irish alternative rock band Snow Patrol. It was released as the second single from their fourth studio album, Eyes Open.

Here is a link for the song.

If you have been sent this, you should have your song sheets with the melody tab and lead guitar tab on. These are all the necessary parts to play what you can hear in the link.

Practise Tips

- At First, just try and play the picking pattern in the background and try to stay in time.
- When you're confident on the picking pattern, try playing the melody. The melody is the part that just uses one note at a time...
- Try playing along with the entire song without stopping.

Enjoy!
