

Wonderwall Ukulele Lesson

Wonderwall was a song written, recorded and performed by the famous Manchester band Oasis. Since its release it has been recognised as one of their most famous songs.

In the tutorial provided, you will be able to tune your instrument in with the tutor's. You will then be instructed to learn the following chords.

E Minor

G Major

D Major

A Major

C Major

Some of these chord shapes are harder than others, but with regular practice you will get them sounding nice and clean. Also remember to strum your strings carefully when playing, as this can really affect your sound too.

Click on the link below to access the tutorial. Have fun and enjoy!
