

# Continuous Provision

## Evaluating

Image Credit: Playdale Playgrounds

**When you observe what children are doing in each area reflect upon what play behaviours you can see.**

Then ask yourself:

- What resources are they exploring?
- What resources are they not exploring?
- How is this supporting their development?
- Are the resources levelled to support and challenge learners?
- What could you add/remove to enhance their learning further?

Thoughts...

### Activity 1

# Indoor Water Area

The skills...

Common play behaviours...

Linked areas of learning...

Enhancements...

Playing and exploring...

Active learning...

Creating and thinking critically...

## Activity 2

# Sand Area

The skills...

Common play behaviours...

Linked areas of learning...

Enhancements...

Playing and exploring...

Active learning...

Creating and thinking critically...

### Activity 3

# Maths Area

The skills...

Common play behaviours...

Linked areas of learning...

Enhancements...

Playing and exploring...

Active learning...

Creating and thinking critically...

## Activity 4
